

Central Illinois Emmaus Family,

After extensive prayer and discussion, and based on the feedback we have received, your Board has voted to begin the process of shutting down the community. One of our options in discontinuing is to become a dormant community. This allows for a future possibility of rebirth and revitalization.

The ministry of Walk to Emmaus in Central Illinois kicked off with Men's Walk #1 December 8, 1982. Over the last 42 years 295 weekends have been hosted, more than 5,000 lives have been poured into, leaders have been empowered, and relationships have been built. This is an amazing legacy!

The work of the Holy Spirit is not done, it is just in different areas of ministry. I pray that you each go where you are being called using your gifts. "Christ is counting on you." There are other Walk to Emmaus communities that you can serve in, if you feel lead. I have listed them below with contact information and encourage you to reach out.

"Grace be with all those who love our Lord Jesus Christ in sincerity. Amen."
Ephesians 6:24
